Permits the department to prorate license fees on an annual basis, and permits a qualifying nonprofit organization to use disposable bingo paper to conduct special event bingo. It changes a minor filing responsibility from the bingo chairperson to the licensed organization. It lowers the annual gross receipt threshold for a Class II bingo license from \$150,000 to \$100,000. Permits a licensed organization to sell or donate its disposable paper to another licensed organization or qualifying nonprofit organization under certain conditions. It excludes from the 14 percent bingo expense limitation a licensed organization cost of promotional prizes and licensed organizations' cost for the purchase, rental, or lease of certain personal property needed to conduct bingo. Eliminates the need for a commercial lessor to provide certain information about a licensed organization on its application form. It also allows the department the ability to change the annual report period for pickle cards and bingo reports. It permits a licensed distributor to sell disposable bingo paper to a qualified nonprofit organization and to other entities, such as nursing homes or whatever it might be, when approval has been obtained by the department. It provides that a licensed organization cost of registering a pickle card dispensing device used at its designated premises or bingo occasions is allowed...is an allowed expense. Clarifies that only a licensed sale agent is permitted to deliver or arrange delivery of pickle card units to a pickle card operator. It changes the requirement that a licensed distributor must pay for pickle card units purchased from a licensed manufacturer within 15 days to 30 days under the amendment.
